

## CET POST TRADE COURSE

# High Voltage Switching Operations Refresher

## OVERVIEW

This non-accredited course is facilitated and certified by Coex Training (RTO code 41119) through an established partnership with CET.

The High Voltage Switching Operations Refresher course has been developed by industry professionals to re-validate and refresh participants competency in relation to High Voltage (HV) activities. The HV refresher course meets the requirements of the Guidelines for the safe management of high voltage (HV) installations in WA.

It is recommended that this course be completed every 2-3 years as per industry standard. With a blended learning approach, students will be updated on legislation changes, industry practices and will be able to validate their skills and knowledge through the theory and practical assessments.

## APPLY NOW

Visit [cet.asn.au](http://cet.asn.au) or scan the QR code to find out more about this course!

## REQUIREMENTS

Participants require a previous recognised Statement of Attainment in High Voltage Switching to be eligible for an updated Statement for units that were issued in previous recognised training.

Personnel who do not hold a Statement of Attainment but have evidence of regular training and industry experience are eligible to attend but will only receive a Certificate of Attendance.

## DURATION

1 day full time in conjunction with Coex Training.

## PRICE

Course Fee \$1,150

*The CTF provides funding support for training of eligible workers in the construction industry. We acknowledge the support of the CTF in reducing the costs of training for eligible workers.*

## CET POST TRADE COURSE

# High Voltage Switching Operations Refresher

## CONTENT

Statement of Attainment containing a range of units below, relevant to your industry.

Units of competency:

**Units issued are dependent on those previously issued by a Registered Training Organisation**

Unit Code	Unit Name
UEPOPS116	Operate local H.V. switchgear
UEPOPS117	Operate local L.V. switchgear
UEPOPS036	Develop H.V. switching programs
UEPOPS021	Control permit to work operations
UEPOPS124	Perform switching to a switching program
UEPOPS022	Coordinate and direct switching program
UETDREL005	Work safely in the vicinity of live electrical apparatus
UETDRMP001	Apply access authority procedures to work on or near electrical apparatus
UETDRMP002	ESI safety rules for work on, near or in the vicinity of electrical apparatus
UETDRIS023	Develop and validate high voltage distribution switching programs
UETDRIS022	Coordinate permit procedures

## APPLY NOW

Visit [cet.asn.au](http://cet.asn.au) or scan the QR code to find out more about this course!

UETDRIS021	Coordinate and direct switching programs
UETDRIS032	Solve problems in network equipment
UETDRSB001	Perform substation switching operations to a given schedule

*The CTF provides funding support for training of eligible workers in the construction industry. We acknowledge the support of the CTF in reducing the costs of training for eligible workers.*
