

## CET GENERAL COURSE

# HLTAID009 Provide cardiopulmonary resuscitation

## OVERVIEW

This course provides the skills and knowledge required to perform cardiopulmonary resuscitation (CPR) in line with the Australian Resuscitation Council (ARC) guidelines.

You will cover the critical steps of assessing an emergency, delivering effective chest compressions and rescue breaths, and using an automated external defibrillator (AED) when necessary.

Designed for individuals who may need to perform CPR in both community and workplace settings, this training course prepares participants to confidently respond to emergencies in a variety of environments.
