

## CET POST TRADE COURSE

# Checking and Testing an Electrical Installation

## OVERVIEW

This non-accredited course provides licenced electricians, final year apprentice electrical mechanics and electrical fitters with the training, skills and knowledge to visually inspect and test a low voltage electrical installation in compliance with the requirements of AS/NZS 3000.

## REQUIREMENTS

Current WA Unrestricted Electrician's or Training Licence or equivalent issued in an Australian State or Territory.

## APPLY NOW

Visit [cet.asn.au](http://cet.asn.au) or scan the QR code to find out more about this course!

## CONTENT

The course covers the application of AS/NZS 3017 and the common test methods that are required to test a low voltage electrical installation, fault identification and documenting test results.

## DURATION

1 day full time

## PRICE

Course fee	\$378
Relevant membership discount fee *	\$360
Subsidised fee	\$130

*\*Relevant Membership discount will be applied to the full fee. CET will verify membership eligibility.*

*The CTF provides funding support for training of eligible workers in the construction industry. We acknowledge the support of the CTF in reducing the costs of training for eligible workers.*
